REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior arts teach a memory device and memory controller for generating command signals to the device to access said device and transfer data between the device and a bus coupled to the device as claimed. However, the prior arts also fail to teach or fairly suggest that such memory device also includes a flag signal generation unit to generate a flag signal to such device to trigger the data transfer between the device and the bus in response to a state transition that occurs in the flag signal after a specified period following a data transfer command, but said flag signal to also initiate a different command than the data transfer command in response to a state transition that occurs in the flag signal within the specified clock period.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Viet Q Nguyen whose telephone number is (703) 308-4897. The examiner can normally be reached on 7am-6pm (EST).
